

LMR Magazine Sponsorships

The annual LMR Magazine recognizes leaders who have created an impact in the region, highlights the current Leadership Quest class, and moves the future of our community to center stage.

This Fall publication reaches our supporters — connected leaders, change agents and consumers — the perfect audience to create new relationships. Take advantage of this exclusive opportunity to connect with the region's decision-makers and show your organization's support of our community by placing a message in the 2023-2024 magazine at a fraction of the cost of traditional print advertising options.
